**TITLE OF A PAPER** (14 point, capital, bold, centered)

**ABSTRACT**

The abstract should contain an introductory sentence, the aim of the work, research methods, research results, the most important achievements, conclusions, including quantitative conclusions. Abstract should be typed in 10 point Times New Roman, justified, with no intend.

*Keywords*: 10 point; ranged left; max. five

**INTRODUCTION** (11 point, capital, bold, cantered)

The text should be typed using Times New Roman, size 12 point, justified, in one line spacing. Do not use special text formatting.

Use first line indent of 0.75 mm.

The subheading should be in bold, ranged left, no capital letters. Double spacing should be held each time between any title and text inside the one section. The margins should be as follows:

- top 3.0 cm
- bottom 2.5 cm
- left 2.5 cm
- right 2.5 cm

Equations should be centered and numbered consecutively with numbers in parentheses ranged right.

Figures, and photographs should be done “camera ready” and arranged throughout the text. Tables, figures, and photographs ought to be numbered consecutively, e.g. Table 2, Fig. 5. Double spacing free between the text and table/figure should be kept. The titles should be centred above tables and below figures and photographs. The 10 point font should be applied for the titles.

**EXPERIMENTAL** (or MATERIALS AND METHODS)

Fig. 1. Scheme of: a) specimen 1, b) specimen 2

RESULTS AND DISCUSSION

The results should be commented on and compared with the information available in the literature.

SUMMARY or CONCLUSIONS

Introductory sentence(s), e.g.: “The effects of ... is reported in this work.”

- Conclusion 1.
- Conclusion 2.
- Conclusion 3.
- Conclusion n.

ACKNOWLEDGEMENT

Authors would like to thank to...

Conflicts of Interest

The authors declare that they have no competing financial interests or personal relationships that could have seem to influence the study reported in this paper.

REFERENCES

References should be listed at the end of a paper numbered in the order in which they are cited in the text. In the text references should be indicated as [5,6].

For books, the authors(s) name(s), initials, the full title in the original and English language, the editor, place and year of publication should be given, e.g.:

For chapters the following manner should be applied:

For papers in scientific periodicals, the authors(s) name(s), initials, the full title in original and English language, the title of periodical, the title of the paper, the volume, year and pages should be given, e.g.:
For conference proceedings, the authors(s) name(s), initials, the full title in original and English language, the title of the conference, the organiser, place, year and pages should be given, e.g.:

Preferred number of references (current English articles from journals indexed in Web of Science and Scopus databases): 25-35 for research article, over 100 for review article. Please cite websites only in justified cases. The number of self-citations should not exceed 20%.

The paper should be written in concise and good English. Authors should use wherever possible SI units.

The length of the article should be in the range of 4000-6000 words.
