

CEE is a scientific-technical journal which includes new reserved articles with relation to architecture, civil engineering, transport structures, environmental engineering, building materials, technology management and their branches. CEE issues two times a year.

General clauses

Editorial office accepts contributions in English language not published up to now.

Authors are responsible for content and linguistic correctness of contributions.

Published contributions in Civil and Environmental Engineering journal are not salaried.

Journal addresses both theoretical developments and practical applications related to civil and environmental engineering.

To be acceptable for publication in this journal, a manuscript must address valuable and of significant interest scientific issues for the field of civil and environmental engineering community, free of evident commercial or private interest.

The authors are requested to make sure that appropriate research ethical standards are strictly followed in their work, when submitted to be published by CEE.

The CEE staff fully supports the authors during the entire evaluation process and is committed to ensure that the ethical standards, related to submittal, review, and publication of manuscripts, will be strictly followed.

The contributions are peer reviewed by skilled experts of relevant branch from universities, research institutes and industrial practice.

Publication decisions

The editor of a journal is responsible for deciding which articles submitted to the journal should be published, and, moreover, is accountable for everything published in the journal. In making these decisions, the editor may be guided by the policies of the journal's editorial board and/or the policies of the publisher, as well as, by the legal requirements regarding libel, copyright infringement, and plagiarism. The editor may confer with other editors or reviewers when making publication decisions. The editor should be always willing to publish corrections, clarifications, retractions, and apologies when needed.

Abstracting/indexing services

The scientific-technical journal Civil and Environmental Engineering is abstracted/indexed in De Gruyter Open Access.

Open Access Journal Declaration

The content of Civil and Environmental Engineering (CEE) is publicly accessible and such access is free of charge for the readers. Users are allowed to read, download, copy, distribute, print, search or link to the full texts of the articles in this journal without asking prior permission from publisher or author. Of course, users have to indicate the source of scientific information.

Creative Commons Licence

This journal provides immediate open access to its content under the [Creative Commons BY 4.0 license](https://creativecommons.org/licenses/by/4.0/). Authors who publish with this journal retain all copyrights and agree to the terms of the above-mentioned CC BY 4.0 license.

Confidentiality

The editor and any editorial staff must not disclose any information about a submitted manuscript to anyone other than the corresponding author, reviewers, potential reviewers, other editorial advisers, and the publisher, as appropriate.

Fair play

The editor should evaluate manuscripts for their intellectual content without regard to race, gender, sexual orientation, religious belief, ethnic origin, citizenship, or political philosophy of the author(s).
