

GEOCHRONOMETRIA

PUBLICATION FEES EFFECTIVE JANUARY 2015

Article Processing Charges

In order to sustain the production of our fully-refereed open access journal, each article accepted for publication in *Geochronometria* is subject to an Article Processing Charge of €1000 (+VAT where applicable). This fee is used to cover the costs of professional typesetting, copyediting, as well as online hosting, long-term preservation, distribution to libraries and content aggregators worldwide, and extensive promotion to potential readers.

Information regarding payment of these charges will be provided following acceptance for publication. Inquiries concerning Article Processing Charges should be addressed to the Managing Editor or the Editor-in-Chief (see contact details below).

Waiver Policy

If the submitting author is affiliated with an organization which is listed as an [Institutional Member](#), this membership covers the cost of the Article Processing Charge and the author is exempt of any further expenses. Moreover, Article Processing Charges may be waived for authors who work for institutions in developing countries (countries classified by the World Bank as [low-income](#) and [lower-middle-income](#) economies). However, other authors who do not fulfill these criteria can also request a waiver or a discount during the submission process, which will be granted by the board of editors on an individual basis.

Funding Opportunities

Authors who are looking for funds to support the payment of Article Processing Charges have a number of options to consider. For details visit our [website](#).
