The Journal of Human Kinetics is a non-profit organization and most of the publishing expenses are covered by the Jerzy Kukuczka Academy of Physical Education in Katowice along with the Polish Ministry of Science and Higher Education. However, due to insufficient financial funds and considering that the periodical is an open access journal, the Journal of Human Kinetics has to charge the publishing fee of 900 euro per paper. Yet, please note that there is no submission fee and that the fee is to be paid only following acceptance of the manuscript for print.

Below, you may find all the details necessary to make the payment.
