Journal of Data and Information Science(JDIS) is a peer reviewed Journal published by the National Science Library of the Chinese Academy of Sciences. All the articles accepted will be published open access. With the support of the Library, Author(s) **DO NOT PAY** any article processing charge for his or her(their) publication in JDIS.

This License to Publish is required to be signed by either all Authors or the Corresponding Author as the only authorized representative of all authors for publication of the accepted article as a Contribution in JDIS.

JDIS will consider publishing the Contribution pursuant to the terms set forth herein, including grants readers rights to use the Contribution on an open access basis under the terms of one of the Creative Commons (CC) licenses. The “Contribution” is defined as the text content of the paper named above and all supplementary information such as but not limited to tables, graphs and images.

In order for JDIS to consider publishing the Contribution, Author(s) please:

- Read the terms of the CC licenses, under which JDIS will make the Contribution available to readers on an open access basis; and
- Read the rest of the License to Publish and confirm acceptance of this Agreement by completing the required fields below

Please check one of the following licenses:

A: **CC-BY**

This license allows readers to copy, distribute and transmit the Contribution as long as it is attributed back to the author. Readers are permitted to alter, transform or build upon the Contribution, and to use the article for commercial purpose. Please read the full license for further details at <https://creativecommons.org/licenses/by/4.0/>

B: CC BY-SA

This license allows readers to copy, distribute, remix, adapt, and build upon new works non-commercially, and the derivative works are licensed on different terms, provided the original Author(s) and Contribution are credited and the use is non-commercial. Please read the full license for further details at <https://creativecommons.org/licenses/by/4.0/>

C: CC BY-ND

This license allows readers to redistribute, commercially and non-commercially, as long as it is passed along unchanged and in whole, with credit to the original Author(s) and the Contribution. Please read the full license for further details at <https://creativecommons.org/licenses/by/4.0/>

D: CC BY-NC

This license permits remixing, tweaking, and building upon new works non-commercially, provided the original Author(s) and the Contribution are credited, and the use is non-commercial, without the need to license the derivative works on the same terms. Please read the full license for further details at <https://creativecommons.org/licenses/by/4.0/>

E: CC BY-NC-SA

This license allows readers to copy, distribute and transmit the Contribution as long as it is attributed back to the author. Readers are permitted to alter, transform or build upon the Contribution as long as the resulting work is then distributed under this or a similar license. Readers are not permitted to use the Contribution for commercial purposes. Please read the full license for further details at <https://creativecommons.org/licenses/by/4.0/>

F: CC BY-NC-ND

This license allows readers to copy, distribute and transmit the Contribution as long as it is attributed back to the author. Readers may not alter, transform or build upon the Contribution, or use the article for commercial purposes. LICENSE TO PUBLISH TERMS

In consideration of JDIS publishing the Contribution, author(s) retain the copyright of their published Contributions but grant JDIS an exclusive license to publish the Contribution. If CC_BY_NC licenses are selected, author(s) grant JDIS the right to re-use the Contribution for commercial purposes. If CC_BY_ND licenses are selected, author(s) grant JDIS the right to use the Contribution for derivative works.

The Author(s) warrant that the Contribution is the original work of the Author(s) and the Author(s) are the sole owners of the copyright in the Contribution. If however the Contribution includes materials from other sources, the Author(s) warrant they have obtained the necessary rights from the owners of the copyright in all such materials and hereby license to JDIS the rights to use such materials. Copies of all such grant of rights from third parties are attached to this license.

The Author(s) warrant that the Author(s) have observed all the necessary requirements for research ethics by related funders, institutions, and scientific communities.
