Journal name
Radiology and Oncology

Journal Owner
Association of Radiology and Oncology

1. License

The article will be published in Radiology and Oncology journal and made freely available to users under the terms of the Creative Commons Attribution 4.0 license as currently displayed on <https://creativecommons.org/licenses/by/4.0/>.

2. Author's Warranties

The author warrants that the article is original, written by the stated author/s, currently not under consideration by another peer-reviewed journal and has not been published before. It contains no unlawful statements, does not infringe the rights of others, is subject to copyright that is vested exclusively in the author and that any necessary written permissions to quote from other sources have been obtained by the author/s.

3. User Rights

All Radiology and Oncology articles are published with open access under the Creative Commons CC-BY license (the current version is CC-BY, version 4.0). The use, distribution or reproduction in other forums is permitted, provided the original author(s) and the copyright owner(s) are credited and that the original publication in this Journal is cited in accordance with accepted academic practice. No use, distribution or reproduction is permitted, which does not comply with these terms.

Radiology and Oncology is a multidisciplinary journal devoted to the publishing original and high-quality scientific papers and review articles, pertinent to oncologic imaging, interventional radiology, nuclear medicine, radiotherapy, clinical and experimental oncology, radiobiology, medical physics, and radiation protection. Papers on more general aspects of interest to the radiologists and oncologists are also published (no case reports).

Zaloska 2, P.O.Box 2217, SI-1000 Ljubljana, Slovenia, T/F: +386 1 5879 434, e: gsera@onko-i.si,

4. Rights of Authors

Authors retain the following rights:

- copyright, and other proprietary rights relating to the article, such as patent rights,
- the right to use the substance of the article in own future works, including lectures and books,
- the right to self-archive the article.

5. Co-Authorship

If the article was prepared jointly with other authors, the signatory of this form warrants that he/she has been authorized by all co-authors to sign this agreement on their behalf and agrees to inform his/her co-authors of the terms of this agreement.

6. Termination

This agreement can be terminated by the author or the Journal Owner upon two months' notice where the other party has materially breached this agreement and failed to remedy such breach within a month of being given the terminating party's notice requesting such breach to be remedied. No breach or violation of this agreement will cause this agreement or any license granted in it to terminate automatically or affect the definition of the Journal Owner. The author and the Journal Owner may agree to terminate this agreement at any time. This agreement or any license granted in it cannot be terminated otherwise than in accordance with this section 6.

7. Royalties

This agreement entitles the author to no royalties or other fees. To such extent as legally permissible, the author waives his or her right to collect royalties relative to the article in respect of any use of the article by the Journal Owner or its sublicensee.

8. Miscellaneous

The Journal Owner will publish the article (or have it published) in the Journal if the article's editorial process is successfully completed, after the Author's payment of the respective Open Access Fee and when the Journal Owner or its sublicensee has become obligated to have the article published. Open Access Fees paid to the Journal Owner are non-refundable. The Journal Owner may conform the article to a style of punctuation, spelling, capitalization and usage that it deems appropriate. The author acknowledges that the article will be published so that it will be publicly accessible, and such access will be free of charge for the readers. This agreement will be governed by the laws of the Republic of Slovenia.

Radiology and Oncology is a multidisciplinary journal devoted to the publishing original and high-quality scientific papers and review articles, pertinent to oncologic imaging, interventional radiology, nuclear medicine, radiotherapy, clinical and experimental oncology, radiobiology, medical physics, and radiation protection. 9. Grant of Rights

- a. The author hereby grants to Journal Owner the non-exclusive license to publish, distribute and otherwise use the article in all forms and media, in all languages, throughout the world, for the full term of copyright.
- b. The Journal Owner will keep the author/s name/s and address/es for record purposes and reproduce them in the Journal and in indexing and abstracting, and bibliographic services. Author/s information will not be used for any other purpose and will be handled in accordance with the regulations of the EU General Data Protection Regulation.
- c. If the article was written in the course of employment by the US or UK Government, and/or arises from NIH funding, or was written in accordance with Article 101 of the Slovenian Copyright and Related Rights Act, please consult the Journal Owner for further instructions.
